Stock Sale at Urbana.

Urbana Citizen: "The sale of Mr. and Mrs. E. M. Bennett, yesterday, of thoroughbred short horns at the Urbana stock yards was attended by a good sized crowd. There were present stock men from London, Pique, Springfield, Mechanicsburg, Bellefontaine and other places. The sales were not as large as they should have been, but this was probably owing to the fact that the auctioneer, J. C. Bridgeman, of London, seemed to be in a hurry to get through with the sale. Cattle sold immediately afterward at an advance of from \$35 to \$50 per head. There were fortyeight head of cattle sold, among them were thirteen head of thoroughbred cows and heifers sold at an aggregate of \$1,060, or an average of \$81 per head. Nine thoroughbred yearling bulls, and bull calves, brought \$475, but the price was very low."

The reign of Casar Augustus is designated as the "golden age" of Rome's history. The golden age of medicine seems to be this present time when Mishler's Herb Bitters is universally acknowledged as the sovereign specific for all diseases of the stomach, bowels, liver and kidneys. In severe cases of dysepsia, undigestion, cholera morbus, cramps, colir, fever and ague it has proved its worth, and if the certificates of thousands of reputa-ide citizens are worth anything there should be no one to dispute its claim as the grandest medicine of modern times.
